

# Errol Le Cain

## World Famous Singapore Born Children's Book Writer and Illustrator

The National Book Development Council of Singapore (NBDCS) proudly presents, *The Wondrous Art World of Errol Le Cain*, an exclusive event showcasing a recent discovery of world class Singapore born artist Errol Le Cain (1941-1989). The event will be presented by Denyse Tessensohn who discovered the details on Errol Le Cain when she began researching on him for her upcoming book. She uncovered a wealth of archive materials which she will share in this presentation, accompanied by a mini-exhibition of Errol Le Cain's art and books from the archive.

The late Errol Le Cain was an internationally renowned animator and illustrator. Born in Singapore just before WWII, he was precociously talented, creating his own animated films from a young age. He had a long and fruitful career illustrating picture books and was shortlisted for the Kate Greenaway award twice – in 1969 and 1976 – finally receiving the first prize for *Hiawatha's Childhood* in 1985.

Be inspired and let's celebrate the life and art of our very own Singapore born artist Errol Le Cain!
